

**Bob Kelch Floors, Inc.**

**Est. over 100 years ago**

**(Note: No specific date available)**

Bob Kelch Floors , Inc. is a family business that began when a European craftsman brought his love of woodworking to America at the end of the nineteenth century. Five generations of woodworkers followed the family tradition and the business continues to this day.

The Kelch family focused their love of woodworking on hardwood flooring. The business grew over time, and they adopted innovations in technology including up-to-date, dust free equipment – a real advantage to homeowners living in a home while hardwood floors are being refurbished. Of course, the company installs new hardwood floors, including custom installations, and takes care of older floors with a restoration service. They are very proud of the service they provide to their customers, doing the job right, and helping homeowners realize their dreams. Bob Kelch Floors is committed to creating beautiful hardwood floors that may very well last over one hundred years.

Congratulations to Bob Kelch Floors on becoming a Peoria Historical Society Centenarian organization.
